Holloway 3					

Practice schedule team practice will start in the time allotted. Not necessarily at the exact time.

If your team is listed to practice from 5-6, the practice may start at 530 anywhere in that hour range

If you elect to train at Holloway. You will have the entire field. There are 3 sets of goals at Holloway.

Try and not train in the goal box. The more time spent outside the box, the better our fields look throughout the year.
