New Parent/ Players

- What is NGM Youth Football? We are a youth tackle football feeder program for the high school program – New Glarus – Monticello - NGM. We call it a feeder program due to the fact we follow their lead on all areas related to the game of football – we run the same plays, we run the same defense, we do the same stretching and conditioning and we even follow their lead by implementing character development and leadership lessons in all grades. We are NGM Football!
- Who do we play? We participate in a 15 plus team tackle football league called the Dane County Area Youth Football League (DCAYFL). The league provides the rules, structure and format that we play by. They follow WIAA rules with some modifications for youth situations which are universal in nature.
- When do we play? The league determines the schedule on who, when and where we play. We hope to have the schedule in mid August. The first game is August 27th and the last is Oct 15th. Games are typically played on Saturdays. For all home games, teams will either play on the varsity field or practice field. The locations for away games will be listed on the DCAYFL website once published.
- When do we practice? The first day we can start practice for the 2016 season is August 2nd. There are league rules for the number of practice days and the length of practices for every grade level. Each grade level is different. Typically most grades will practice a minimum of two to three times a week. We will also adjust once school begins. Once you are registered your head coach will set the specifics for your grade/ player.

4th – 8th Teams

- Each team is based by age/ grade – Fall 2016
- Each Team is comprised of one Head Coach and multiple assistants. Each team will also have a team representative that will help assist in all volunteer coordination and informational related matters to the team. Electronic forms of communication are preferred - Email and Social Networks. Please keep in mind everyone involved are volunteers!
- Most grades will only have one team since the league allows us to stay as one if participation is under 35 players
- The DCAYFL also requires that each player is weighed prior to the start of competition. This requirement is for all players safety. The league has set forth weight limits for the advancement of the ball for each grade. These weight limits are based on national recommendations. If a player is over the grades established weight that player is designated as a "Blue Star Player". A "Blue Star" player will have a sticker placed both on the front and back of that player's helmet. The player then is not able to advance the ball forward. Each grade has different weights and rules so please contact your teams coach for more clarification.
