

Please also note that WVSA team rosters are for the ENTIRE SOCCER YEAR (August through July). The soccer year includes three seasons:

Fall (training and matches; Aug–Nov),

Winter (training intensive; Nov–March),

Spring (training and matches; March–July) seasons.

All players are required to participate in winter training. Academy teams typically train twice per week during fall and spring seasons and play one game per weekend. Most Academy teams U11-U18 play in the PA West League. Some of the higher-level Academy teams also play in nationally recognized premier leagues such as the Colonial or Buckeye Leagues. Teams also attend one to two tournaments per season, usually within moderate driving distance from Morgantown (but may require overnight stays).

Academy teams U12 and above are also expected to participate in the US Youth Soccer's National Championship tournament, beginning with the West Virginia State Championship tournament in Beckley, WV.
