

## TYFC Reopen Guidance Protocol

**Health Screening** – Players, Coaches and Referees will be screened for temperatures daily, by Coaching Staff and/or TYFC Board. Anyone who does not feel well should not come to practices or games.

Athletes, Coaches and Spectators should not go to practices or games if they are experiencing COVID-19 CDC-defined symptoms, including:

- Cough, shortness of breath, or any two of the following symptoms:
- Fever
- Repeated shaking with chills
- Headache
- Sore throat
- Chills
- New loss of taste or smell
- Muscle pain

**Masks** – Athletes, Coaches, and Families are asked to wear masks whenever possible. Players and Coaches are required to wear masks when not on the playing field but will not have to wear them while on the field.

**Sidelines/Benches** – Coaches and Athletes are to adhere to 6ft social distancing whenever it can be accomplished. Both coaches and players should wear a masks when not engaged in football activity. At the conclusion of every game, efforts by each team will be required to sanitize the Benches/ Sidelines, using sanitizing supplies issued to each team by TYFC. Volunteers would be greatly appreciated. Athletes will be required to keep helmets on at all times while on the field and sidelines unless theres a medical issue where the athletes needs to remove their helmet.

**Cleaning and Disinfecting** – Footballs, Bags, Training Equipment and Pom Poms will be disinfected after each practice and game and wiped down during games as necessary.

**Equipment** – Players are issued their own equipment. NO Equipment (gloves, helmets, shoulder pads, hand warmers, wrist bands, mouth guards, water bottles, etc) shall be shared at any point during the season. Training Equipment, Balls, etc will be disinfected after each individual use during all practices.

**Hand Sanitizer** – Parents should bring hand sanitizer for their player. Coaches will have hand sanitizer that is provided by TYFC too if necessary.

**Spectators** – Outdoor gatherings can have up to 50 people, and we're hoping this is likely to increase to a percentage of capacity during our season. This should allow families to be able enjoy the game together. Families will be required to sit at least 6' away from other families at games, especially while using the bleacher seats at THS. Please adhere to the "blocked out areas". Away games will require you to have personal chairs in case the hosting town cannot provide sanitized spectators area.

**Hydration** – All players and coaches should bring their own water bottles. Water bottles cannot be shared.

## TYFC Reopen Guidance Protocol

**Restrooms** – The restrooms at THS and TMS will not be open. There will be a minimum of two porta potties available in the parking area of both locations. Coaching Staff will have hand sanitizer as well.

**Concessions** – The concession stand at Home Game will be open. (State regulations will dictate the capacity in which we will be allowed to serve our families and fans)

**Huddles** - Players will not huddle at any point during the game/practice. Sportsmanship will continue in a touchless manner – no handshakes/slaps/fist bumps after games.

***Please do not congregate in the parking lot after the game. Games will be spread out to have at least a 30 minute time period between games to allow for cleaning and to avoid having too many people congregating on the bleachers or in the parking areas which would exceed the allowable State level.***

***TYFC intends have a safe, healthy, and fun Football and Cheer season. We need you follow the safeguards above so that our Athletes can continue to play this fall.***
