

BURRELL SCHOOL DISTRICT
Sports Physical Evaluation

Name _____

Grade _____ (2018-2019) Email Address _____

Sport(s) _____
(List for entire school year)

Date Completed _____

School Physical Exam Dates –

GIRLS – June 5, 2018

BOYS- June 7, 2018

Exact times will be posted in Skyward and school entrance doors.

ImPACT Testing Dates:

Grades 6-8 Must Sign Up for Appointment Times in HMS Office on May 20-24; Testing Will be performed during the School Day on May 29 and May 30 in HMS library classroom.

Grades 9-11 Will Test on May 30, 2018 in H.S. Classrooms 104, 106, 108 Beginning 3:00 p.m.

Please review the Health History (Section 5) with your child. In order to have a school physical, this packet must be completed, signed and returned to the Athletic Office by May 31, 2018. Physicals must be authorized June 1, 2018 or later.

BURRELL SCHOOL DISTRICT

Drake D'Angelo, Athletic Director
(724) 334-1403 ext. 2944
Fax (724) 334-1420
drake.dangelo@burrell.k12.pa.us

Burrell High School
1021 Puckety Church Road
Lower Burrell, PA 15068

Please Read All Forms Carefully

Dr. Fisher will be giving physicals only on the date(s) posted. If you miss this examination, you must obtain a physical from your family doctor at your expense.

Recertification will be done in the same manner. If you miss the date at school, you must go to your family physician. **Under no circumstances is any student permitted to go directly to Dr. Fisher's office for an athletic physical unless he is your family physician.**

All signatures (doctor, parent/guardian) and insurance information must be filled in correctly or student cannot begin practice.

The rules and regulations paper must also be correctly signed and returned with the physical forms in order for student to be eligible to begin practice.

No student will be permitted to participate in a sport without an ImPACT Test. An ImPACT Test should be updated every two years. Testing at the high school is held in classrooms 104, 106, and 108. Testing at the middle school is held in the Library. If unsure if a student needs the required test, please check with nurse or athletic secretary. You may also contact the Athletic Trainer, Jordain Pomycala, at 724-594-7643 or email her at jordain.pomycala@burrell.k12.pa.us

BURRELL SCHOOL DISTRICT

Dear Parent or Guardian:

Your child has indicated an interest in participating in the Burrell High School Athletic Program. We know that it is your wish as well as ours that every possible precaution be taken to protect our students from injury. We do our utmost to promote this by proper training, by the use of good protective equipment, by supervising all activities, and by encouraging good safety habits.

Despite all our efforts, accidents do happen occasionally in athletics as elsewhere. The school is not legally liable for medical or hospital expenses, damages related to pain and suffering, loss of earning capacity or any other expenses or damages resulting from athletic injuries incurred in interscholastic sports.

All students participating in Burrell School District sports activities must be covered by either family hospitalization medical insurance or any student accident insurance. If needed, participants may also purchase optional student accident insurance. In the event family accident insurance is unavailable, please contact the Athletic Office at the High School at 724-334-1403, ext. 2944 for the necessary forms. Since voluntary participation in extracurricular activities entails an inherent risk of injury on the part of the participants, it is essential that all participants be covered by insurance.

Please complete the following information and return this letter to the Athletic/ Health Office immediately.

Sincerely,
Drake D'Angelo, Athletic Director

In case of injury: Depending upon the nature or severity of the injury, the attending physician, or in his absence the athletic trainer, or coach, is authorized by you (parent/guardian) to send the player listed on the form to the closest medical facility.

PARENT/GUARDIAN SIGNATURE _____ DATE: _____

Warning and Notification of Risk - Playing, practicing or participating in a sport can be a dangerous activity involving risk of injury. There is no limitation to the nature or severity of the possible injuries in some sports. Some sport injuries can result in serious permanent impairment or be life threatening. Unfortunately, injury may occur simply due to the nature of the sport without the occurrence of any unusual event and without fault.

I have read the above **WARNING**. I am aware and understand the risks of practicing, participating in and playing interscholastic activities. I recognize the importance of following the coaches' instructions regarding the activity.

Health/Equipment Issue Statement

All Sports

Sports are a physically challenging activity and serious injury may occur. No equipment can prevent all injuries a player might be exposed to while participating. It is understood that for equipment to best protect the player, it must fit properly and be in good condition. It is also understood that any changes in equipment or fitting must be done only with the approval of a coach.

I understand the possibility of athletic injury while participating in sports. Further, I agree to inform my coaches immediately upon experiencing any physical or health changes and also any change in the condition or fit of my equipment.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. **CONFIDENTIALITY:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- | | |
|--|--|
| <ul style="list-style-type: none">• Headache or "pressure" in head• Nausea or vomiting• Balance problems or dizziness• Double or blurry vision• Bothered by light or noise | <ul style="list-style-type: none">• Feeling sluggish, hazy, foggy, or groggy• Difficulty paying attention• Memory problems• Confusion |
|--|--|

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may *also* hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.
