

NORTH SIDE BASEBALL AND SOFTBALL

PLAYER'S ATTENDANCE POLICY

I understand that I am eligible to play three (3) innings in the field, and have at least one (1) at bat, each game I attend provided I am in compliance with the following attendance policy:

1. I must regularly attend at least 60% of my team's scheduled practices and games, as provided my manager.
2. I understand that my attendance is calculated in an accumulated fashion. For example, if my team has had 10 practices and games combined, I must have attended 6 of those to retain my right to play three (3) full innings and have one (1) at bat per game.
3. I understand that my manager may play me as little as he/she wants if I have not maintained a 60% attendance record.
4. I understand that even if I don't maintain my attendance at 60% or higher, my manager may choose to play me, but it is up to him/her.
5. Finally, I realize it is my responsibility to notify a Board Member if I think that I am in good standing, but do not get to play the minimum three (3) innings in any game. I realize that a shortened game due to time, weather or field conditions may result in a game that I do not get to play three (3) full innings, but I will be guaranteed to start the next game and play three (3) full innings.

I, _____, have read the player attendance
(print name)
policy. I understand it and choose to participate in the North Side Baseball and Softball League.
