### *Field Lights at Courthouse Park*

In 2015, we had multiple field lights installed at Courthouse Park. Dynamo Soccer Club is happy to announce that these lights have been successfully paid off! As a member of the Hanover community for over 15 years, Dynamo wanted a way to give back to the place where we have worked and played. These lights offered the community additional access to field time throughout the seasons. They also enabled us to provide more practice times to Dynamo athletes and even more opportunity to develop quality people and quality players.

### *Fall All-Star Program*

Thank you to everyone who participated in our outstanding All-Star Program last October! Dynamo Soccer Club started this program because we wanted to offer our Recreation players another opportunity for additional playing time and social growth with players outside of their team.

The program included teams from our U9-U12 divisions. Recreation coaches and Dynamo staff nominated over 100 players from the teams to be included in the program. Players had two training sessions with licensed Dynamo travel coaches and then each division played in an All-Star game.

We received excellent feedback and hope to expand this fall program in 2020.

## *Change in Text Alerts – Simple Text*

We want to make sure everyone in our Recreational program has the most up-to-date information regarding practice and game changes or cancellations. We are no longer using RainedOut and instead, are utilizing Simple Text. Just text the word "REC" to (833) 406-0632 to be added to the text notification list.
