

The Old Bridge Girls Soccer Club (OBGS) is a non-profit organization whose mission is: To offer competitive soccer to the children of Old Bridge, and surrounding areas, and develop each player to their potential.

We promote individual, team, parent and community development of soccer skills and knowledge while not losing sight of having fun. We emphasize individual growth in teamwork, sportsmanship, self-esteem and mutual respect. Our philosophy is to give all children the opportunity to succeed and play the game of soccer without adding financial hardship to their household.

We are reaching out to local businesses in the communities we serve in the attempt to obtain donations to help fund our registration, player/coach development and field development expenses. The Association is working hard to ensure that families hit hard by today's economy are given the opportunity to play. We are also enabling player and coach development opportunities and raising funds for field operation and field maintenance. If you have any questions please send an e-mail to publicity@oldbridgegirlssoccer.com
