

Ben Davis Little League is a not for profit Little League organization in Wayne Township on the west side of Indianapolis. We are committed to providing a safe and fun learning opportunity to the youth in our area. However, this cannot be accomplished without support from our community. We are asking for your assistance in making this a reality that can be continued for years to come.

We would like to offer you a chance to partner with our little league to support our players, parents and volunteers to build a stronger sense of community. Attached is a list of packages you can choose from. We also welcome donations of products or services in lieu of a monetary donation.

Please consider our request for sponsorship. We look forward to partnering with your organization.

Respectfully,
