

FALL LETTER

Coaches,

In an effort to find practice space for ROFC's recreational teams for the fall season, below is a list of potential practice areas in the city of Royal Oak. A friendly reminder, please do not practice on the game fields listed below. If you find space outside of the actual game field, please feel free to set up shop when games are NOT being played. But please do not use the game field or goals for practices. This includes Red Oaks Park in Madison Heights. Also, please do not use Quickstad Park for practices. We do our best to fix up our flagship soccer park each fall.

Note that these parks/schools are on a first-come, first-use basis. There are no practice-field permits issued to ROFC or individual teams. Royal Oak Schools have temporarily asked ROFC to not use their fields - so be prepared to be asked to leave if a school official asks.

In trying to free up park space throughout the city, ROFC has consolidated its premier training to two parks, Exchange and Red Run. This will help us free up additional training space around the city for our recreational teams.

NOTE: Please check out our "Royal Oak Football Club practice field page" on Facebook. It includes information pertaining to game and practice fields - as well as other important club information. Please join the group [HERE](#).

2020 FALL GAME FIELDS

- Red Run West (11v11)
- Worden Park (11v11)
- Kenwood Park (9v9)
- Grant Park (9v9)
