

LOCAL RULES

1. Policy

- a) Southwest Inter-League Baseball Alliance, SIBA, shall establish local rules appropriate to the age group, consistent with the player's advancement through the various division of play and as allowed by the official rules of PONY Baseball, Inc.
- b) SIBA reserves the right to modify or add local rules that may not be covered in this document at any time. Any amendments to the local rules will be addressed in a timely manner and any rule changes will be created based upon what is in the best interest of the leagues and the safety of the players.

2. Procedures

- a) SIBA may establish rules specifically for use during League play ("local rules"), which supersedes the official PONY and Major League rulebooks. The official PONY and Major League rulebooks shall take precedence unless otherwise stated in the following document. These rules shall be approved by the members of the SIBA Committee and stated in this document. The SIBA committee will consist of one representative from each of the five leagues that make up the SIBA, Temecula, Murrieta, French Valley, Menifee and Elsinore Pony leagues. Rules for SIBA teams and games, and any necessary discipline for rules violations, will be determined by the SIBA Committee.

3. Team Rosters and Transactions

- a) Teams will be limited to a maximum of 15 rostered players.
- b) Through out the season injuries and dropped players do occur. Teams will be limited to four transactions throughout the season and will be subject to SIBA Committee approval. All player transactions will be documented and disclosed to each team in their respective division.
- c) Rosters will be frozen early in the season and all managers will be given official rosters of each team. The information will consist of player's name and jersey number.
- d) Teams are allowed up to four roster transactions prior to April 15 of the season and all changes must be reported to all members of the SIBA Committee. Removing one player to add another player equates to two roster transactions; one for each player. A team can request a roster transaction beyond the fourth transaction or after two-thirds of the season has transpired in situations where their roster has dropped below 11 players. A team making such a request must submit a full explanation to the SIBA Committee, where each transaction will be handled separately and in the best interest of all leagues.
- e) A manager that fails to disclose an added or dropped player will be subject to disciplinary action by the SIBA Committee in the form of possible multiple game suspension or permanent removal from managing in the league.
- f) A team may borrow a player from another team only if they are at *less than* 9 players for their game. The manager of the borrowed player must have given permission and proof (email, etc) must be given to the SIBA Committee before the borrowed player can play for the other team. Penalty for borrowing player without *proof* of consent may result in a 1-game suspension for manager and a warning for player. Further violations will lead to additional consequences.
- g) A borrowed player may come from another SIBA team or from a rec team. Note: *Your local league may have a separate policy regarding this rule. Check with your own league representative for their local rules policy.*
- h) Borrowed players may not play pitch or catch and they must bat last. Penalty for violating this rule is a 2-game suspension for the manager.

LOCAL RULES

4. Safety / Malicious Play / Slide or Avoid (not must slide)

- a) A player may be warned or ejected from the game for play deemed by the umpire(s) to be un-sportsmanlike, unsafe, or intended to harm an opposing player. Such instances of malicious play may be unnecessary contact by a runner on an attempted putout, intentionally throwing at a batter, swearing, throwing of equipment, etc. It is the responsibility of the manager to ensure that their players maintain good sportsmanship throughout the entire game.
- a) Any player that demonstrates intent to harm or injure another player, while in the process of running the bases, will be ejected from the game if the umpire deems necessary and he may be subject to further suspension from the SIBA Committee.
- b) Any runner is out when the runner does not slide or attempt to get around a fielder **“who has the ball and is waiting to make the tag”**. Contact between the runner and fielder is essential to consider the slide or avoid rule. It is up to the umpire to determine if the actions of the runner were avoidable or if the actions of the defense (i.e. bad throw) were the cause of the collision.
- c) Collisions do occur in baseball and the intent of the slide or avoid rule is to protect the fielder, but at the same time we are not forcing the runners to make unnecessary slides with the potential to injure themselves.
- d) At the time of the “slide or avoid” violation the runner will be considered an automatic out, the ball will become dead, and no other runners can advance beyond the last base touched at the time of the collision.

5. Minimum Play Rule (Pinto Kid-Pitch Only)

 - The player, impacted by the violation of the ruling, shall play in its entirety, the next scheduled game

The manager must contact their SIBA representative prior to limiting a player’s time and explain the circumstances. In instances, which may occur during a game, the opposing manager shall be informed immediately and their SIBA representative shall be notified in writing with 24 hours to explain the circumstances.
